**FRIENDSHIP CENTRE COVID-19 RESPONSE**

To all Program Partners, Members, & Participants:

In response to the recent developments of the coronavirus, and in conjunction with our local, state, and national directives, the Institute for Community at HighPoint has adopted the following guidelines for all of its facilities, including the Friendship Centre and Creative Arts Centre at HighPoint.

- Our building will remain open for resident, member, and program use during normal operating hours. We are now taking party and facility rentals again.
- Our staff has initiated additional cleaning and disinfecting as part of our daily protocol in the facility.
- Masks are optional for those that have been vaccinated, encouraged for all others. We will not be policing people for vaccinations, it's "on your honor". Let's all work together.
- The fitness centre and gym will remain open for use during scheduled times. Individuals choosing to utilize these facilities do so at their own risk. We do ask that everyone remain diligent regarding cleaning up after yourself and utilize sanitizing tools we have made available in specific areas.
- This situation is fluid and changing on a daily basis. Management may revise these policies at any time.

In Community,

Michael Vickery  
Executive Director
